I'm betting  
another 60  
rupees on the  
kid!

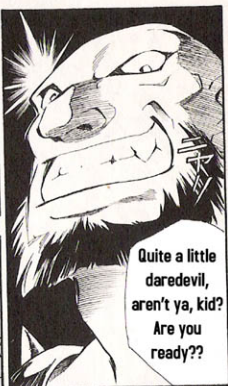

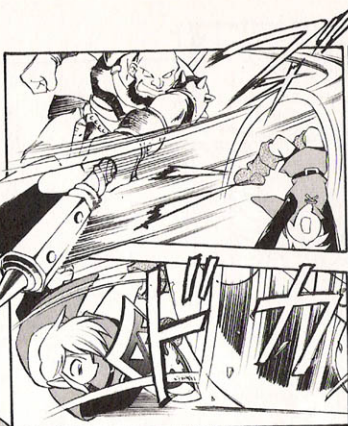

Yes, yes,  
we're still  
taking  
bets!

Get that  
kid!!

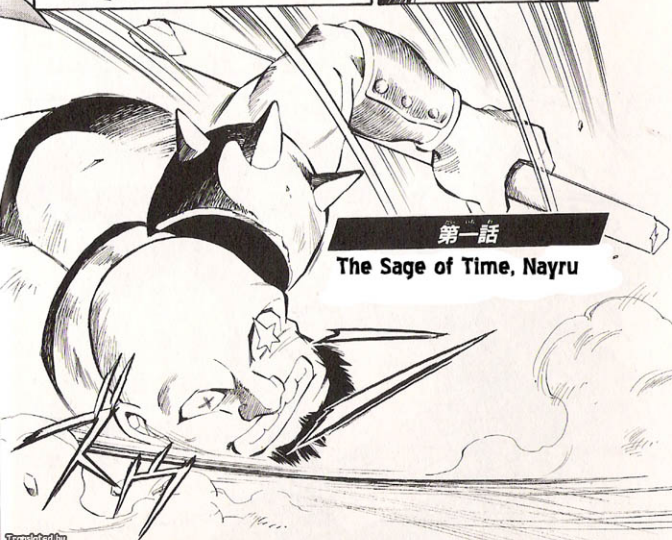

Hey,  
Bully--!  
Get 'im!

The city  
of Lennu,  
in the land  
of Labu-  
rennu.

Chapter 1  
The Sage of Time, Nayru

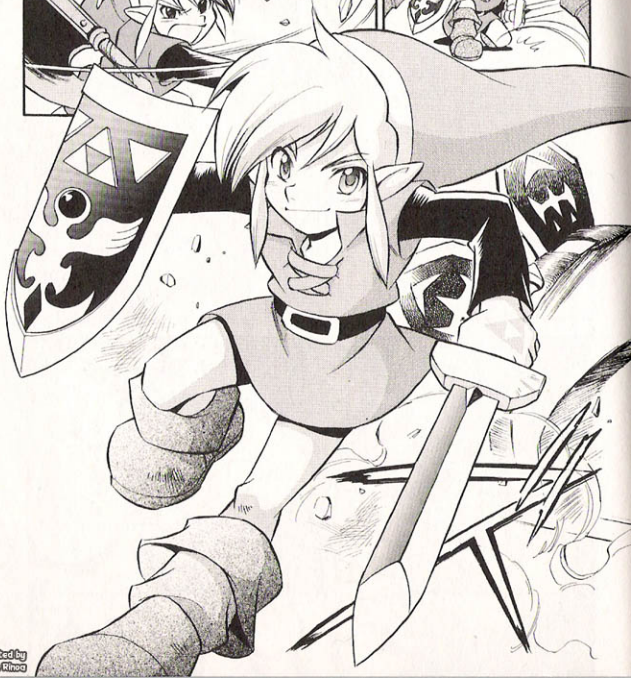

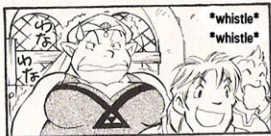

Quite a little  
daredevil,  
aren't ya, kid?  
Are you  
ready??

第一話

The Sage of Time, Nayru

The reward is  
200 rupees and  
one cow--!!

Congratu-  
lations!!

I will completely erase that hero in the best way possible. Just watch me. Ho ho ho...

Mistresses Trinova, just leave it to me, Veran!

The resurrection of the Evil King!!

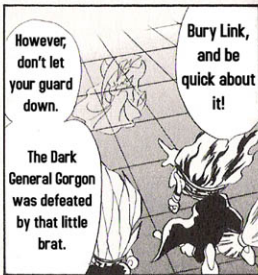

Veran!!

However, don't let your guard down.

Bury Link, and be quick about it!

The Dark General Gorgon was defeated by that little brat.

Oh, how aggravating!!

That kid has a strange power that easily pushes aside the power of darkness!

A  
dream  
...

Oohh...  
Calamity is  
once again  
drawing  
close...

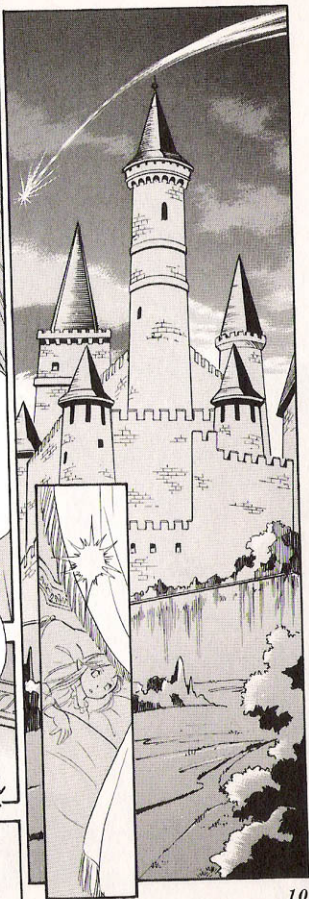

Time...

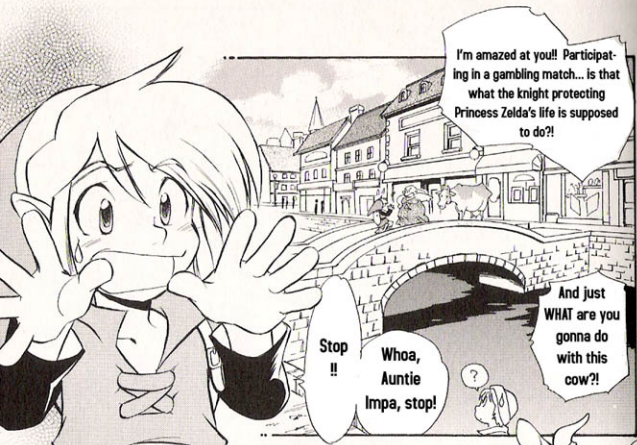

...and  
history...

...are in  
great  
danger  
...

I'm amazed at you!! Participating in a gambling match... is that what the knight protecting Princess Zelda's life is supposed to do?!

Stop !!

Whoa, Auntie Impa, stop!

And just WHAT are you gonna do with this cow?!

Hold it, Link!

A shipping company?

ファンズン

Grandma's always talking about how they could use more cows.

I thought I'd send her to the countryside.

You're such a good boy!

Link...

Do you expect ME to carry this thing around?!

What're you talking about? I still can't believe you won in such a vulgar way.

But, still, it was really good practice!

Wow... It's already been a whole year since I left home. And to think it was just to take the Knight's Test at the castle.

And the one that was waiting to give you a test was the Triforce.

Yeah.

I had suddenly flown to the land of Holodrum. I met a group of travelling performers, and the dancing girl Din.

Din! Make me a member of the troupe!

I can feel it.

There's a power sleeping within you.

Din is the Sage  
of the Earth  
that governs  
the seasons.

At this rate,  
Holodrum will be  
destroyed!

I won't let  
that  
happen!

I'll rescue Din  
for sure!

Din now belongs  
to the Dark  
General, Gorgon!

I fought and  
defeated  
Gorgon.

I got the Rod  
of Seasons  
from the  
Temple of  
Seasons.

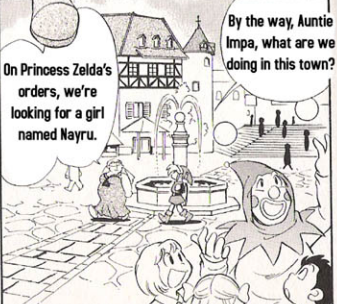

Holodrum's seasons  
were restored... It  
was great.

Din was  
rescued...

She's  
the sage  
that  
governs  
time.

You see,  
Nayru is a  
friend of Din,  
the Earth  
Sage.

On Princess Zelda's  
orders, we're  
looking for a girl  
named Nayru.

By the way, Auntie  
Impa, what are we  
doing in this town?

\*Literally means "big brother". It's used by younger kids to address older boys.

Din's friend...  
the Sage of Time, Nayru.

I wonder what kind of person she is?

What is it, Li-

A-Auntie Impa... just now...

Uh!

Auntie Impa?
