

*HA HA

Now, to go to
the past and do
whatever I
please!

第三話

The Childhood Friend, Ralph

NAYRU!!

That
woman
that calls
herself
Veran...

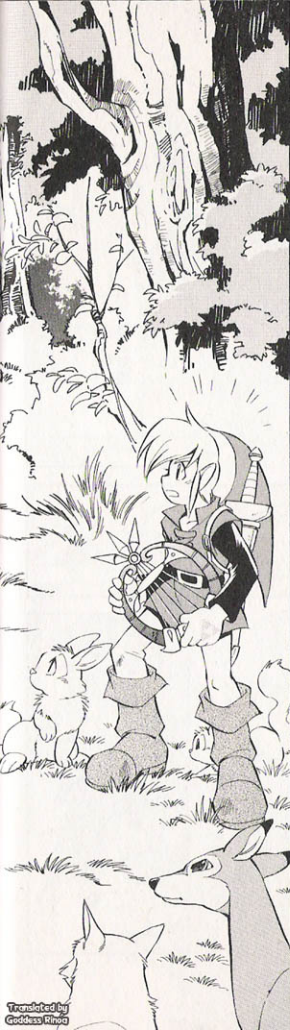

And now she's
gone to the past
to cause trouble!

She possessed
Nayru in order
to use her
powers to
travel through
time.

**Damn
it!**

I have to hurry
and go after her,
and get her out
of Nayru's body!

Who called
Nayru's
name just
now?!

But,
how..?

How am I
supposed to go
after her..?!

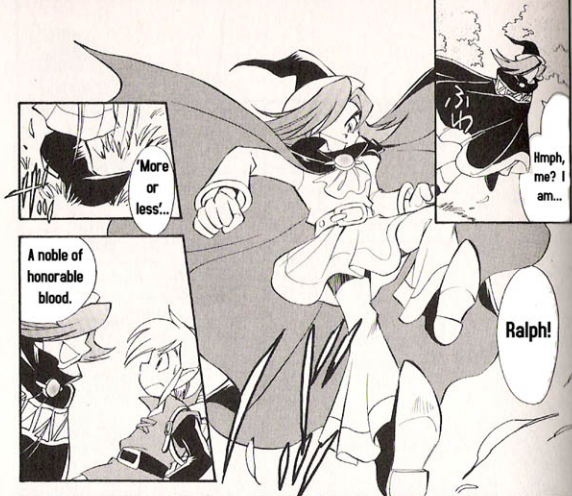

Is Nayru there
with you?!

第三話

The Childhood Friend,
Ralph

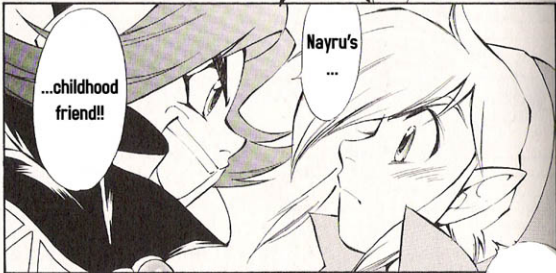

'More or less'...

Hmph, me? I am...

A noble of honorable blood.

Ralph!

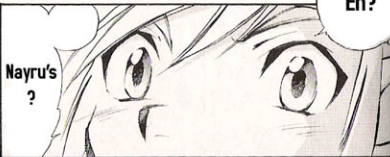

...childhood friend!!

Nayru's ...

Eh?

At that time...

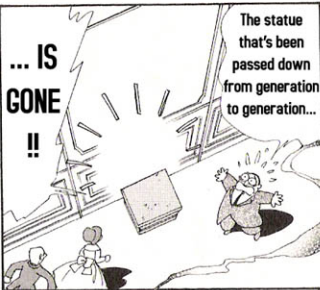

Nayru's ?

The..
the
sculp-
ture!

In the city of
Lennu,
"accidents"
happened one
after another.

... IS
GONE
!!

The statue
that's been
passed down
from generation
to generation...

WAA
!!

I love
you,
honey.

N-No, I'm not! I... I
feel weird!

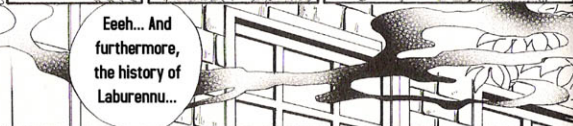

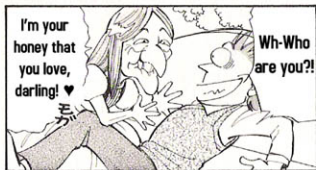

Don't
tease.
Come
here,
honey.

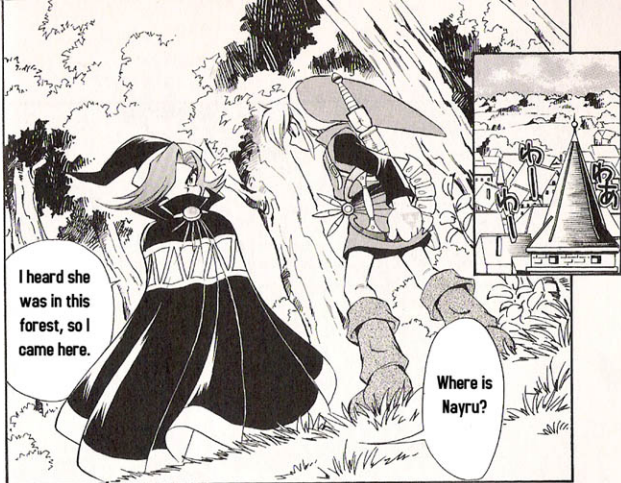

Huh?

Oh,
darling
...♥

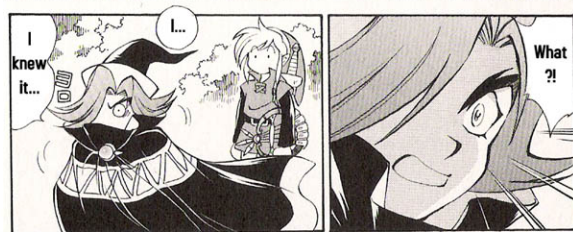

I heard she was in this forest, so I came here.

Where is Nayru?

And she took off to someplace in the past!

Nayru's body was taken over ...
by a woman named Veran.

I knew it...

I...

What?!

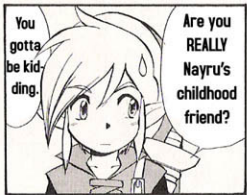

I thought something like this might happen. That people would be after her, since she's the Sage of Time.

That's why I've been looking after her, ever since we were kids.

I was too late!!

You gotta be kidding.

Are you REALLY Nayru's childhood friend?

Aaahh--! Nayru--!!

To think she would slip away while I was in a daze playing at the goldfish cart!

N-No, the circumstances were kinda...

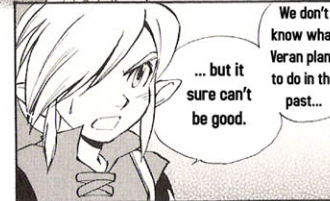

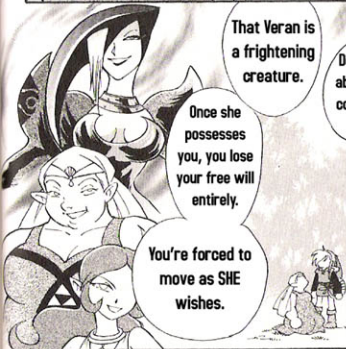

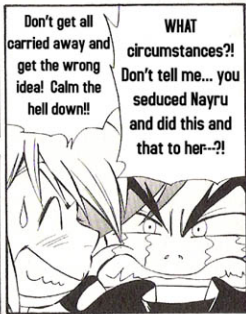

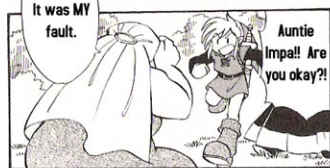

stab

What about YOU?! Just standing around while Nayru was in big trouble?!

Some hero YOU are!!

What was that?!

All that was left behind ...

Link, you must save Nayru without delay!

This is what Princess Zelda foresaw!

Nayru has the power to manipulate time.

I will be the one to save Nayru!!

Now, give that to me!!

You think I can leave this to a clumsy oaf like you?!

I said give it here, so give it!!

How can you fight at a time like this?!

What'd you say?!

That "childhood friend" thing smells like a lie!

I'm her childhood friend! This has nothing to do with you!

We're being sucked in!

What's this?!

Could this be...

...the path through time that Nayru took?!

I wonder if I
was a little
harsh on that
Ralph guy?

In any
case
...

Travelling
through
time...

...
makes
me
sick!

...Bleh...

Oh well. I would
have just had to put
up with him getting
in my way over and
over again.

Have I arrived?
Something's off...
My body feels so
heavy...

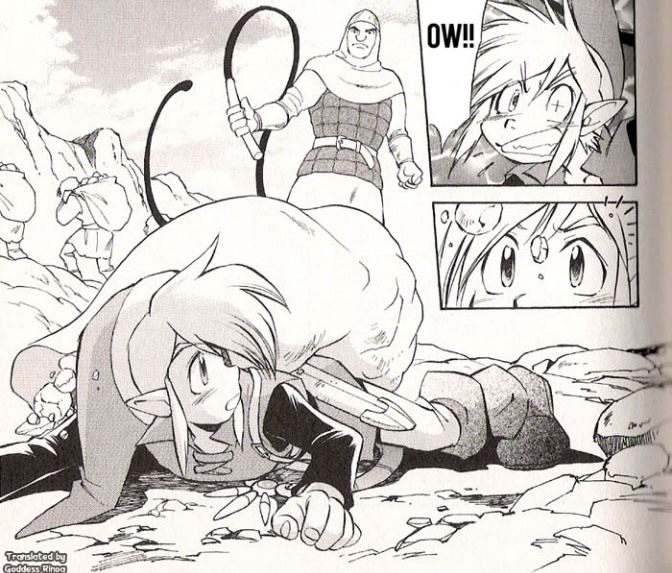

...I can't
move...

...Hm?

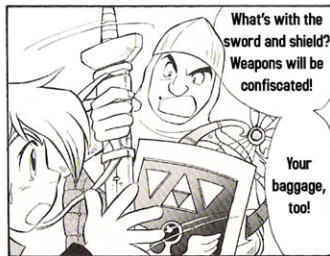

What do you
think you're
doing?!
Wake up!!

OW!!

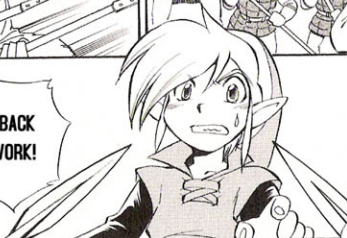

Seems like I came to a really nasty place...

What is this place?
Did I really travel through time?

ゼルダの伝説 ふしぎの木の実 時空の章

Son of a... What have I gotten myself into this time? If I had known this would happen, I'd have brought that guy along with me.

Men from all over Laburennu were drafted. What a pain.

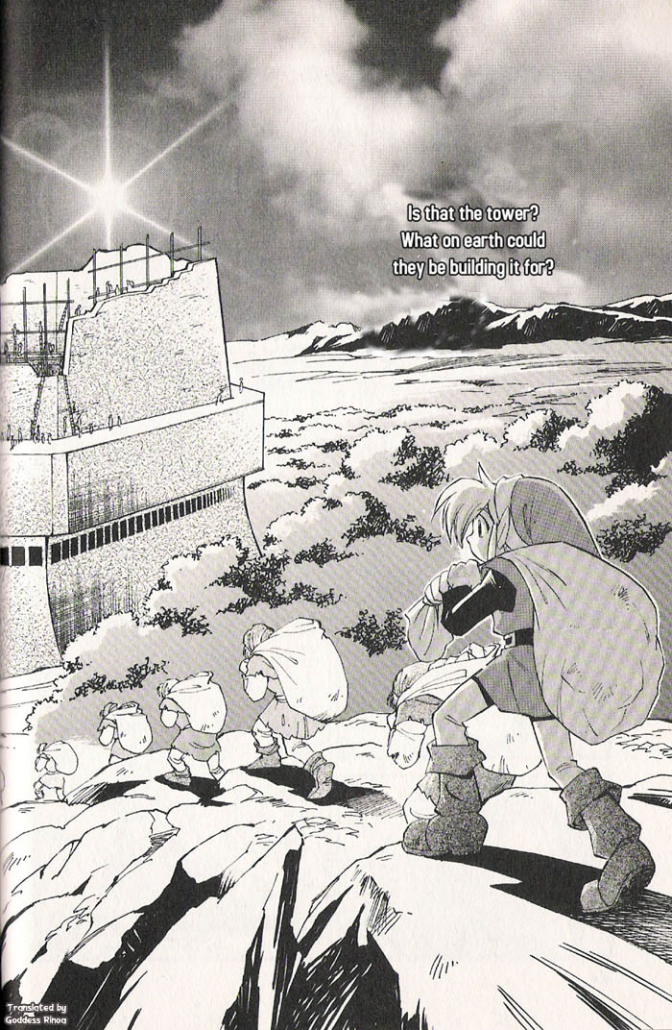

Queen Anbi told us all of a sudden to construct a tower that reaches up to the heavens...

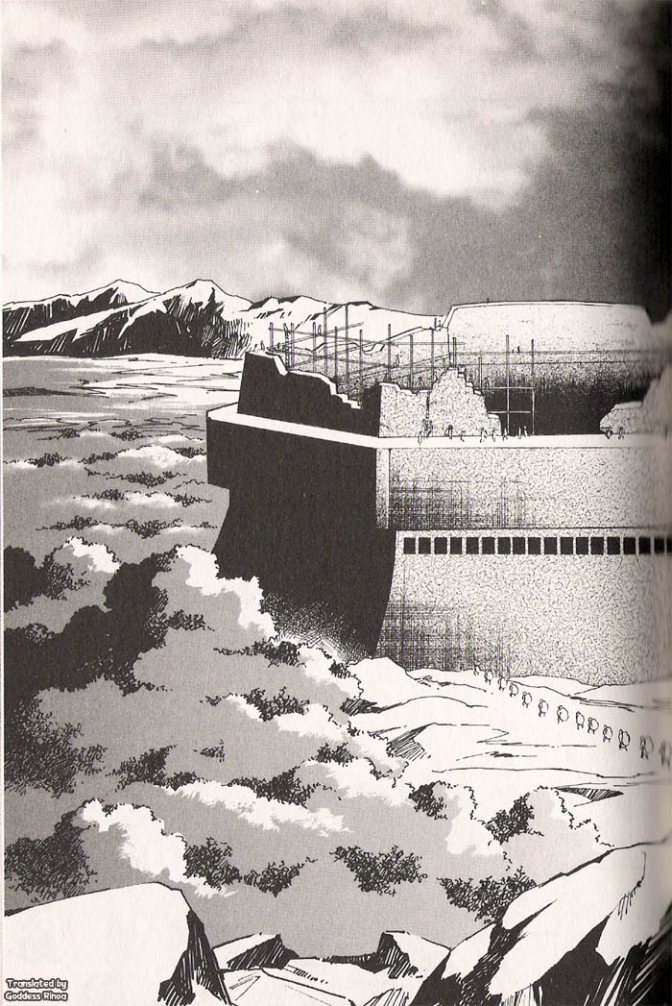

Mister, what is it that we're doing here?

You don't know?

Is that the tower?
What on earth could
they be building it for?

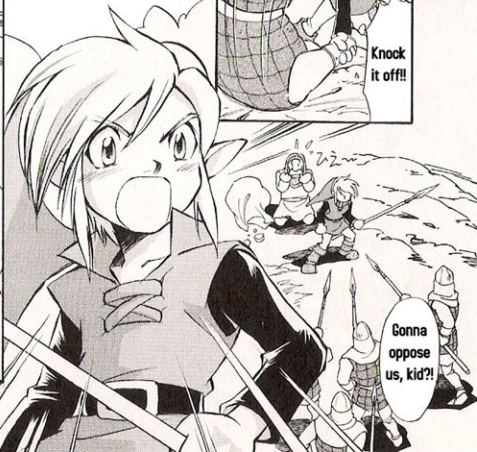

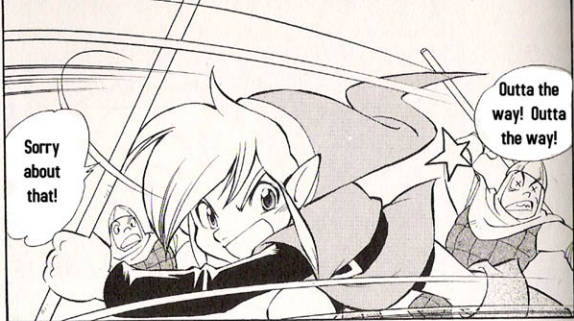

Stop the construction!!
The queen may be being deceived by someone!

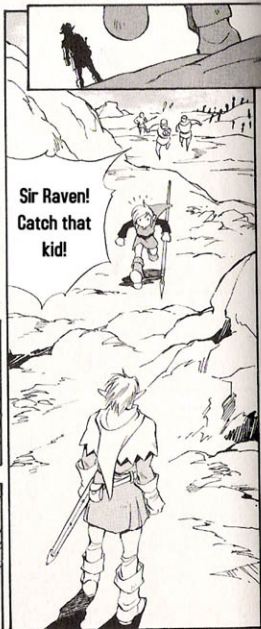

I'm in a hurry, y'know!

Sorry about that!

Outta the way! Outta the way!

Sir Raven!
Catch that kid!

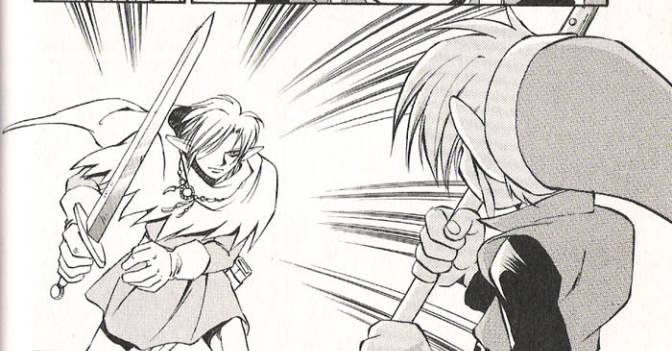

You're...
Um...

Ah--!

Hylian?

I have to find
some way to get
to the past...

Dammit--!!
At this rate, I
won't be able to
settle the score
with that brat!

Before you can
think, you have
to get your
strength back!

Eating meat is
the source of a
man's power!

Man, this
is good!

This is no time
to be eating--!

Aah--!
Nayru~!!
