Captain of the  
Pirate Ship

Just be thankful we had enough wood from that island's tree to even MAKE this raft!

...HAVE TO ROW THIS STINKING RAFT?!

Keep rowing,  
clumsy-ass!

I'm a noble!  
Why would  
I know how  
to row a  
raft?!

What's with  
this storm  
all of a  
sudden?!

We have to get back  
as soon as we can...  
but we don't even  
know what time  
we're in right now!

HEY!  
HEEEYY  
!!

Ralph,  
a  
ship!

How rude!!  
I come from  
generations of  
the Laburennu  
royal family's...!

I don't believe  
that all! How  
could a guy like  
you be a noble?!

Captain.

What I've really wanted is to talk together with humans!

But I don't need any of that.

I've crossed this whole world's seas, and I possess the whole world's knowledge and stories.

Do you know of someone named Veran?

Hey, Link-!

Then, you must be pretty well-informed, Captain!

Veran..?

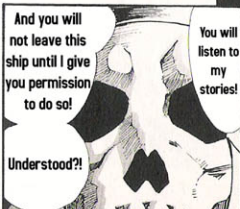

I just might.

In exchange for telling you...

Really?!

And you will not leave this ship until I give you permission to do so!

Understood?!

You will listen to my stories!

Hmm... It's an interesting story. A witch that possesses people.

We would really like to know Veran's weak point!

Would you happen to know what it is?

Well, now... How many years has it been?

ゼルダの伝説 ふしぎの木の実 時空の章

Who?! The harp isn't taking us on a time trip?

All right, skeleton captain... listen to me play this thing and be surprised!

A tune that reminds me of dancing with her...

A rondo... Ooh... a waltz...

For an instant, I saw a ball...

!?

Just one of the many talents of nobility.

... You're good, Ralph.

BUT!!

So strongly... We were in love...

But, no matter what I do... I cannot forget her.

That's it... I'll go back.

Set a course for Laburennu !!

I cast my sword aside and took to the seas... in order to forget her.

Don't complain!!

Impossible, Captain! We'll sink the ship--!

The ship's log? This is...

Ow!

Endure it! Once we cut through this storm, we'll get to Laburennu!

Eehh? So they've been sailing in a continuous storm?!

Whaaat?! You wanna go out into those stormy seas? That's suicide!

Ralph, we're getting off this ship right now.

Month X Day XX: We've set course for Laburennu; hindered by a storm.

Month X Day XX: Day of storms

Month X Day XX: Day of storms.....

If we don't get off this ship... We'll also get stuck in this storm forever!

Waaah~! It's useless after all~!

You... dare  
betray me?!

You tryin'  
to get off  
the ship?

I WILL NOT  
ALLOW  
TRAITORS!!

You think I'll  
let myself get  
defeated  
here?!

Before  
I've seen  
Mayru?!

We can't allow time to stop here!!

Captain, it is not our intention to betray you.

But we have to get out of here!

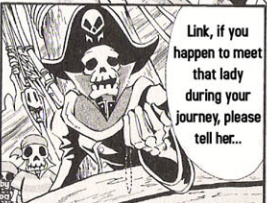

I will allow you to leave the ship!

Lend 'em a boat!

Yes. I understand.

Captain.

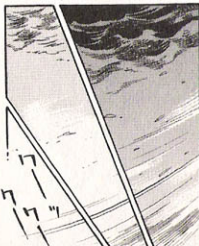

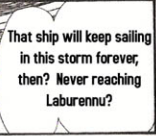

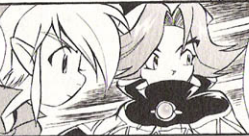

My time... will not move anymore.

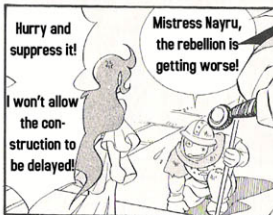

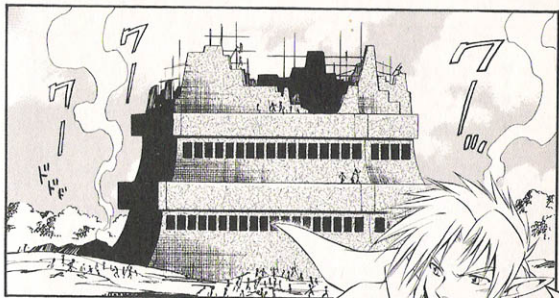

Link, if you happen to meet that lady during your journey, please tell her...

No, thank YOU. It's been a while since I've had the pleasure of talking to someone from the outside.

Thank you, Captain.

Hurry and suppress it!

I won't allow the construction to be delayed!

Mistress Nayru, the rebellion is getting worse!

This is the source of our suffering!

Let's bust up this tower!

Those are the orders of the Queen!!

STOP--!!  
Everyone, stand down!

But... at this point, there's no stopping them!

This is a disaster!  
It's not time yet!  
What am I supposed to...

Just how much do you want Ropoly to worry about you?

Mister Jacobi!

Raven!

What the hell was that? A bird?!

Seems I'll need to investigate him thoroughly...

I THOUGHT he'd been acting suspicious.

Mistress Veran, I have a report!

Raven?!

Raven's been having secret talks with the ringleaders of the rebellion, for some reason.
