

第三話

To the Temple of Seasons

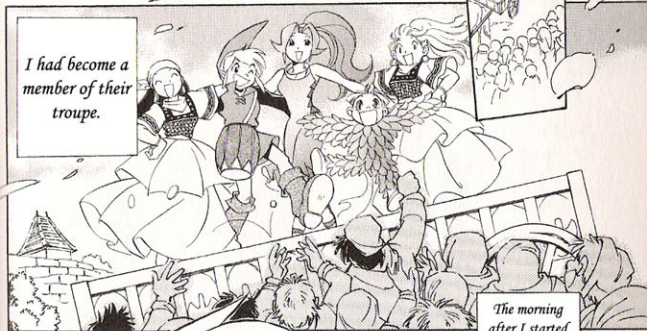

I've been staying with the travelling performers for two weeks now.

For some reason, before I realized it...

I had become a member of their troupe.

The morning after I started staying with them, the Ringmaster said...

N-No way!
I'm really not good at that kind of...

WHA?!

Link, do you want to try appearing on stage?

It was gonna be "just this once", but...

Yikes...

I was just going to pay them back for giving me a meal and a place to stay...

For some reason, I was...

A big hit!

Really now?

Well, you seem to be pretty agile...
And I'd bet your looks would be well received by the audience.

If you could help us out just for today, it would really save us!

Ring-master!

Don't go deciding people's lives for them!

Link's aiming to be a knight, after all!

But, y'know... How are you going to travel without money?

Eh? You're quitting already?

Oh, Link! I was thinking about your performance for tomorrow, and-

As long as you stick around here, I could give you a salary, y'know.

I'll try!
Please let me
try!

No, it's
okay!

The
guitarist,
Parrot...

In the
troupe,
there's the
Ring-
master
Jhovan...

Yaayyy! Link
said he'd join
us!

'Atta boy! Now then,
let's get right to
practice!

Well, I
have a
GRAND-
mother...

What? You
don't have
a mother?

I see...

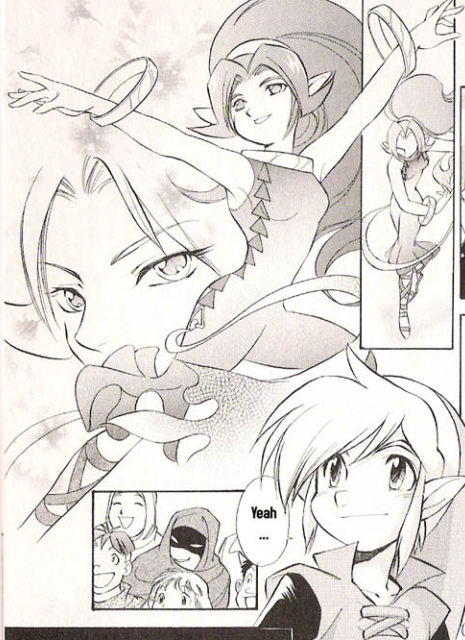

The twin
sisters,
Mel and
Rom...

And the
Ringmaster's
son, Rish.
He's still in
training.

And then
the
dancing
girl, Din,
the star of
the show.

From now
on, I'm
gonna spoil
you just like
I was your
mama!

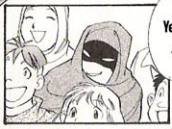

The meals that Auntie
Impa makes are the
source of everyone's
power.

They're bright, wonderful people.

He'd probably get mad at me. If Grandpa knew I was doing stuff like this with my sword...

Yeah ...

Stunning, isn't she?

Just how long as you going to hang around here?

Link!!

Link...

Living as a travelling performer...

...wouldn't be so bad.

Well, see, this could be really good experience for me.

I'm still not really sure if the path of the knight is right for me.

What happened to your training to be a knight?

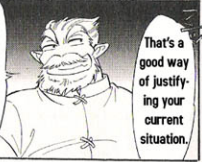

A-Ah-! W-Well, a lot has happened, and...

G-Grandpa?!

But in truth, you just wanna be around that girl Din, don't you?!

That's a good way of justifying your current situation.

YOU MORON!

sigh

I'll go back to my training~!!

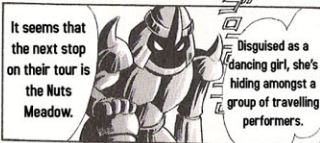

I-I'm sorry!!

We have found out where Din is hiding.

Lord Gorgon.

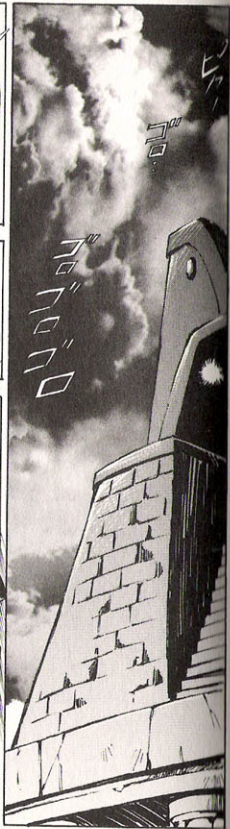

It seems that the next stop on their tour is the Nuts Meadow.

Disguised as a dancing girl, she's hiding amongst a group of travelling performers.

...Going to the Temple of Seasons, is she?

The Nuts Meadow!
It's gonna be a
long trip--!!

We're off--!!
What's our
next stop?

Such a
nostalgic place.

On the way
to the Nuts
Meadow...
...is the
Temple of
Seasons.

I love the earth.
That's why I try really
hard to express its
beauty through dance.

I love
nature.

One is "The
Blessing of
the Earth".

Every single
one of the
dance styles
has meaning.

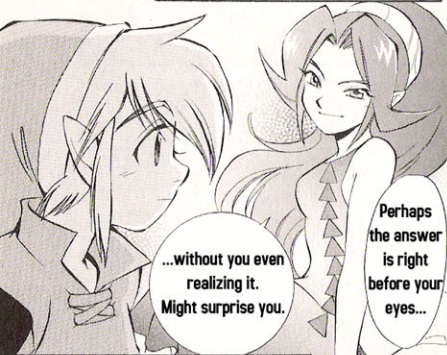

That's right...
Din's a new
dancing girl in
this group.

I wonder what
she was doing
before?

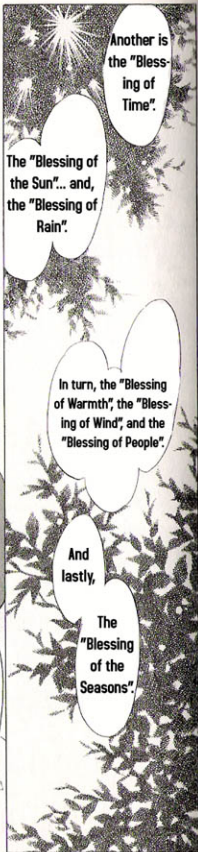

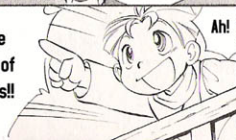

Is that
where
you're
from, Din?

Not
exactly.

It's the Temple of Seasons!!

Another is the "Blessing of Time".

The "Blessing of the Sun"... and, the "Blessing of Rain".

In turn, the "Blessing of Warmth", the "Blessing of Wind", and the "Blessing of People".

And lastly,

The "Blessing of the Seasons".

Ah!

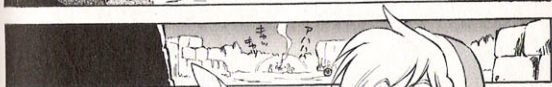

All right, shall we stop here for tonight?

Wow! It looks like a castle!

Link, go gather some fire-wood!

Okay!

All right, then, I'll get dinner ready!

Teach me how!

Hey, Link.

You're really good with that sword, aren't you?

No way!

Why not?!

Because I'm not GOOD enough to teach it!

So, c'mon, teach me!

I was thinking that maybe instead of spinning dishes...

I was better suited to become a knight!

Well, no matter how much I practice, I don't get any better!

YOU, Rish?

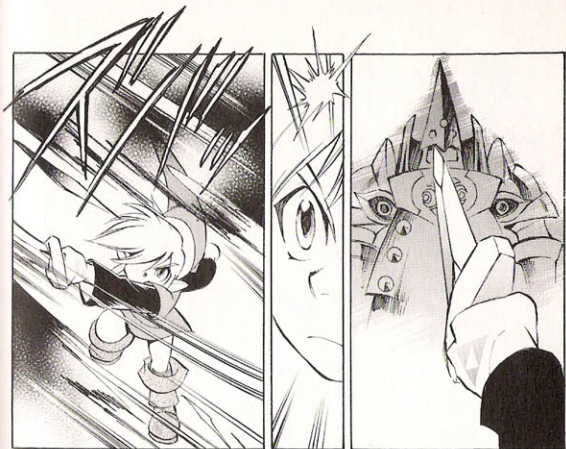

Why do you want to learn how to use a sword?

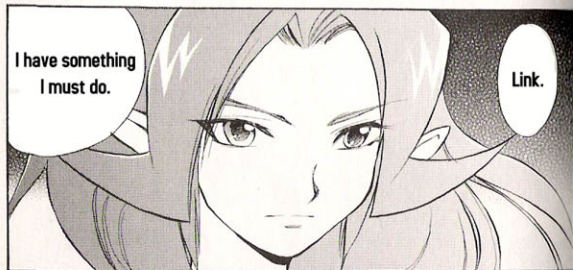

ははははは...

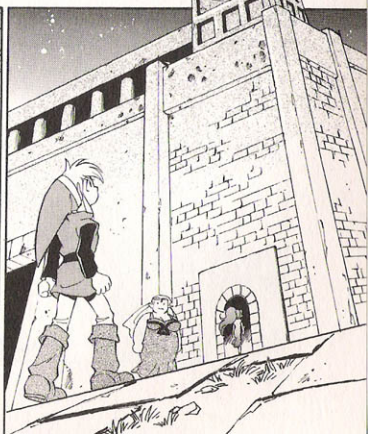

As if I'd lose to YOU!

Keh! You little!

Liar! Stingy!

She's completely different...

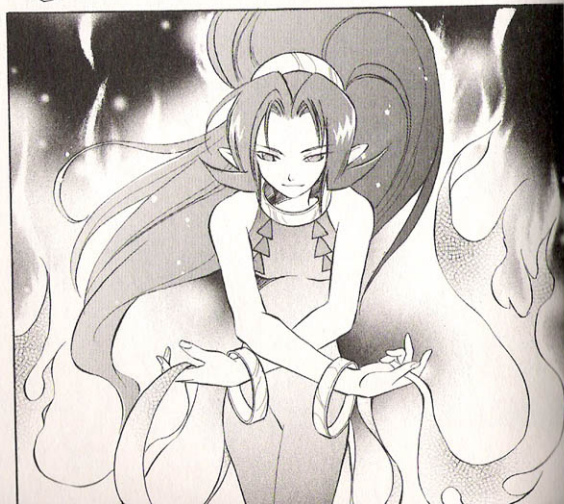

...and the normal Din...

...What's going on here?!

...from the dancing Din...

Link, please watch closely.

Look closely,
Link...
...At my true
form...

Chapter 4
Gorgon, the General of Darkness

!?

The
time of
ripening
is over...

The fruit
shall fall.

Now,
breathe
upon the
earth...

A-A
