The Great Witch Maple

I just can't see it anywhere...

Not here...

I'm not giving up!
I need it for my witching license!

Although, it IS supposed to be somewhere in the Temple of Seasons...

Meanie!
Geez! Stupid crystal! Is it made of glass or what?!

I'll definitely find it!

I, Maple, will take the Rod of Seasons!

ゴゴゴ...

To think that the Temple of Seasons that was supposed to have sunk into the earth was in a place like this...

There's active volcanoes and everything. It's like Hell itself!

It exists in a separate dimension from Holodrum.

This is the land of Uura.

Heh heh. Seems that when I was bathed in the light of the sacred triangles with you...

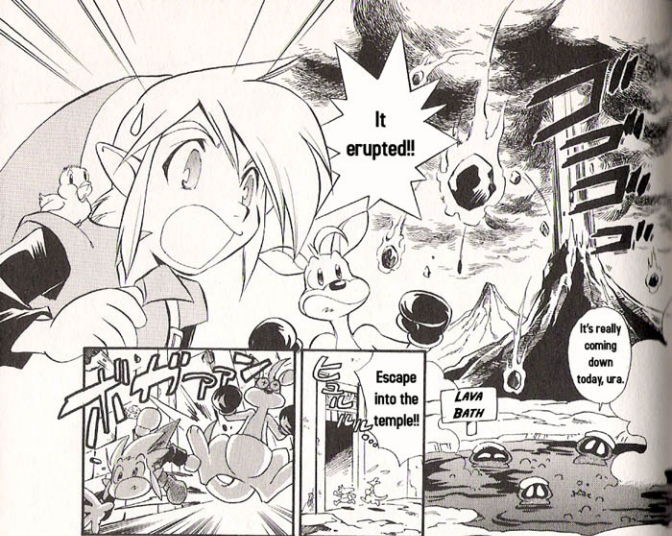

I received some sort of power, too!

Wow, Piyoko, you sure know more than I do.

You're right! I can see little shadows that look like people down there!

The Uura tribe that lives here lives primarily on magma.

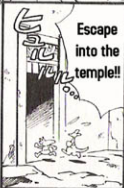

So, this is a really great place for them to live.

It erupted!!

It's really coming down today, ura.

LAVA BATH

Huh? This is...

The Ura tribe really can live in a place like this...

Hm?

You actually let me know! Cool!

Intruders detected!

I doubt it. Their beloved iron scraps haven't been touched.

Did the Uuras do this?

This looks like somebody was looking for something!

The temple has been completely trashed!!

Somebody got here before us?!

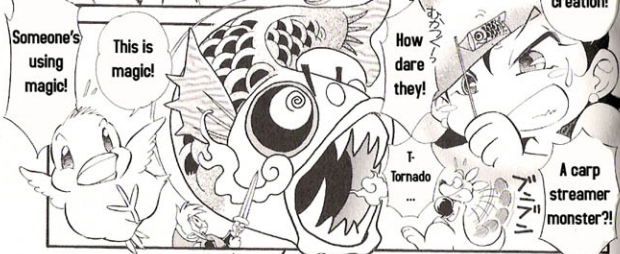

Man, this is awful.

If there's a bad person here, I'll punch 'em right in the...

A monster!!

I'll hide myself ...

...and dispose of these intruders!

Someone's using magic!

This is magic!

How dare they!

My creation!

T-Tornado ...

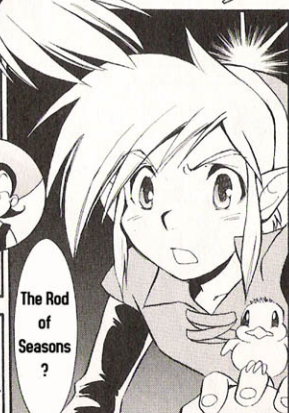

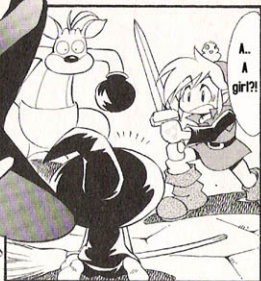

A carp streamer monster?!

The Rod of Seasons belongs to me, the great witch Maple!

Now hurry and get the heck out of here!

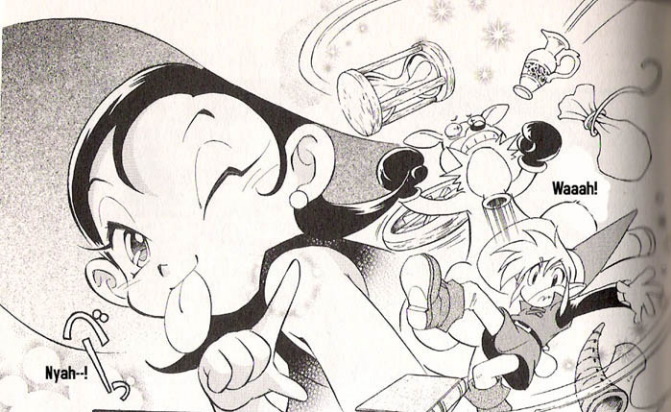

Oh, so you didn't come here looking for that. What a waste of magic. Well, I'll just be on my way, then...

The Rod of Seasons ?

Hey, you!! Can you tell us about--

That rod thing sounded important.

Nyah--!

Waaah!

If you keep messing up the temple like this, you'll be cursed!

Damn it... That little witch!

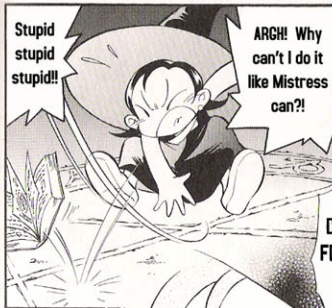

Spirits, come forth!!

I haven't been passed by the Mistress yet, but this is my last resort!

I can't be screwing around if guys like him are coming around...

Umm... Okay, I think this is right...

Stupid
stupid
stupid!!

ARCH! Why
can't I do it
like Mistress
can?!

COME
FORTH
!!

Come
forth!!

Come
forth!

...stupid.

I am
so...

So, tell me!
Where is
the Rod of
Seasons?!

But of
course!

I'm going to
become a
great witch,
after all!

I did it?!

Eh?!

That's
right!

Are you
the one
searching
for the
Rod of
Seasons?

Then, are
you the
chosen
one?

ゼルダの伝説 ふしぎの木の实 大地の章

Hero Link who bares the crest, I have been waiting for you!

That is not something I can just hand over to you.

YEEK!!!

Huh?

Hero Link?

My name is Medlock!

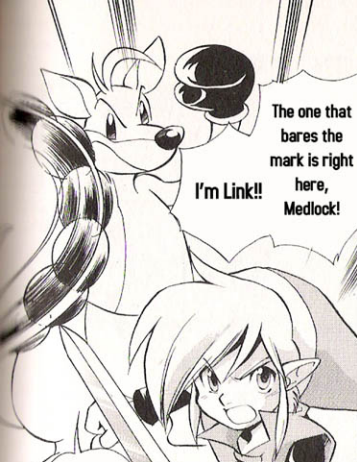

By Lord Gorgon's orders, I will kill you!!

STAY AWAY !!

I'm no hero!! You've got the wrong person!!

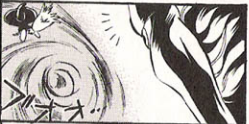

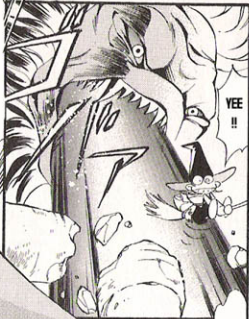

HELP ME!!!

What was that shriek?!

The one that
bares the
mark is right
here,
Medlock!

I'm Link!!

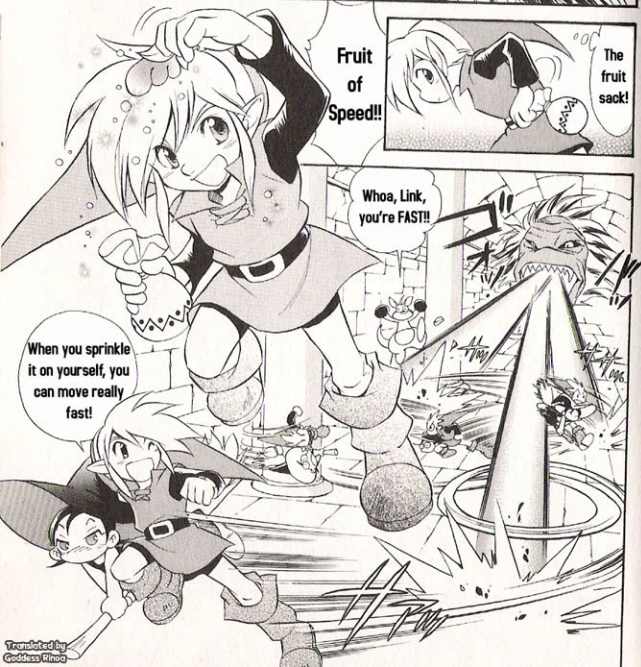

I, Ricky, will
punish
anyone that
bullies girls!!

Watch it!

I'll dispose of all of you at once!!

Fruit of Speed!!

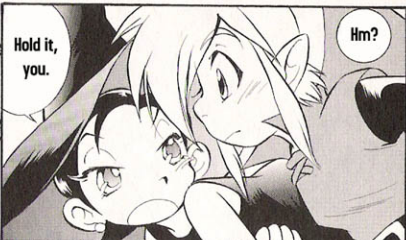

The fruit sack!

Whoa, Link, you're FAST!!

When you sprinkle it on yourself, you can move really fast!

Hold it,
you.

Hm?

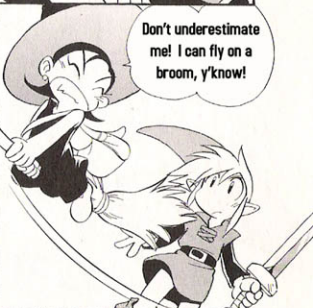

Don't underestimate
me! I can fly on a
broom, y'know!

I did
NOT.

How uncute.
You were the
one that
yelled 'Save
me!'.

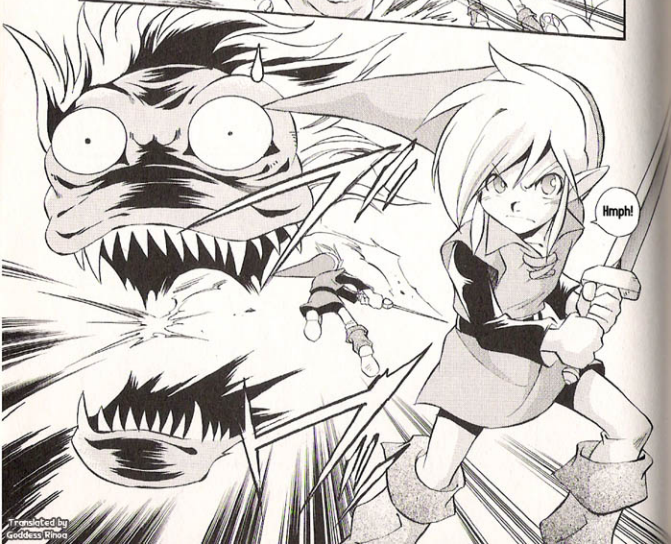

Yeah,
I see!

Ricky, we
can use
this rock!

TORNADO

We've been waiting for you for a long time.

It's the spirits of the seasons!

Thank you for destroying the beast, Link.

You've gotten pretty used to monsters, haven't you?

Whoa...

All right!

Of course!

You will save the Earth Sage, won't you?

With one wave, you will be able to change the seasons as you please.

Now, take this Rod of Seasons.

The power to change the seasons...

The power to save her...

We shall give it to you.

...and it'll be all mine.
Hee hee!
